

MATH 203-01, 203-02, 203-05 (T&Th 8:30-9:40, 10:00-11:10, 16:00-17:10) - SPRING 25

Instructor: Arda Demirhan

Office: Science 109, Office Hours: 12-2 pm on Thursdays or by appointment.

Textbook: Calculus: Complete Course by R. A. Adams, C. Essex, 10th edition, Pearson.

Topics to be covered:

Chapter 10: Vectors and Coordinate Geometry

Chapter 12: Vector Functions

Chapter 13: Partial Differentiation

Chapter 14: Application of Partial Derivatives

Chapter 15: Multiple Integration

Chapter 16: Vector Fields

Chapter 17: Vector Calculus

Evaluation method: Student's progress will be evaluated according to their performance in the midterm and final exams. There will be one midterm worth 40%, and a final worth 56%. Class attendance will count to 5%. (Yes, the total is 101% !)

Attendance: Students are advised to attend all the Lectures and Problem Sessions, but attendance will not be recorded during the problem sessions.

Policy for Make-Up Exams: If a student misses the midterm and/or the final exam and has a valid medical report or an excuse accepted by the Dean's office, the student will be given a make-up exam. If both exams were missed, the make-up exam will be longer and may have an oral exam component.

Remedial Exam: There will not be a remedial exam.

Academic Dishonesty: If a student is caught cheating in an exam, (s)he will be punished according to the YÖK regulations. These consist of one or two semesters of prohibition from attending the university.
