

GUI Extension Tasks for AlienNet

Note: to implement the GUI, you are free to use the “[window builder](#)” tool, which is a drag-and-drop tool you can install on eclipse and use it to design the interface easily.

GUI Task 1: Create a Basic Alien Registration Form

Let users register a new alien via a simple GUI form.

Functionality:

- Enter an alien name (**JTextField**)
- Choose an alien type (*Common, Elite, Royal*) from a **JComboBox**
- Click **"Register Alien"** to add the alien to the system
- Show a confirmation message (**JOptionPane**) after successful registration

GUI Elements:

- **JFrame** – main window
 - **JPanel** – to layout the form
 - **JLabel** – for field labels
 - **JTextField** – for name input
 - **JComboBox** – for selecting the alien type
 - **JButton** – "Register Alien"
-

GUI Task 2: Add Transmission GUI per Alien

Allow the user to send a message (transmission) from any of the registered aliens.

Functionality:

- Choose a registered alien from a dropdown (**JComboBox**)
- Type a message (**JTextField**)
- Click **"Send Transmission"**
- Show all messages sent by all aliens in a scrollable **JTextArea**

GUI Elements:

- **JComboBox** – dropdown to select the alien
 - **JTextField** – for message input
 - **JButton** – "Send Transmission"
 - **JTextArea** – shows all messages
 - **JScrollPane** – scrollable view for **JTextArea**
-

GUI Task 3: Close

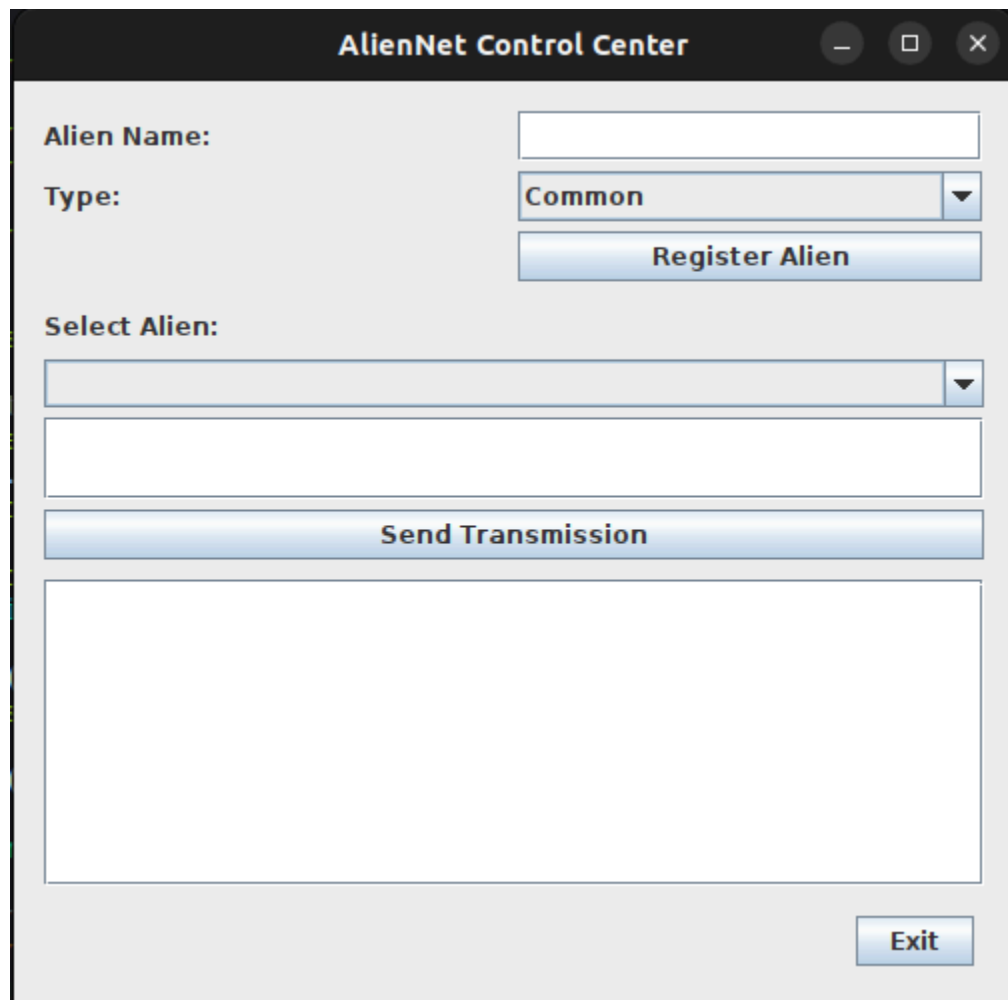

Add a button to allow users to exit the form.

Functionality:

- When the **"Exit"** button is clicked, the application closes.

GUI Elements:

- **JButton** – "Exit"

The image shows a Java Swing window titled "AlienNet Control Center". The window has a standard title bar with minimize, maximize, and close buttons. The main content area is light gray and contains several GUI elements:

- Alien Name:** A text label followed by a text input field.
- Type:** A text label followed by a dropdown menu currently showing "Common".
- Register Alien:** A blue button with white text, positioned below the "Type" dropdown.
- Select Alien:** A text label followed by a dropdown menu.
- Send Transmission:** A blue button with white text, positioned below the "Select Alien" dropdown.
- Exit:** A blue button with white text, located in the bottom right corner of the window.

The window also features a large, empty rectangular area below the "Send Transmission" button, likely intended for displaying a list of aliens or transmission data.
